

OlxAPIBranchObj::OlxAPIBranchObj

```
graph LR; A[OlxAPIBranchObj::OlxAPIBranchObj] --> B[OlxAPIBranchObj::getEquipmentHandle];
```

A diagram illustrating a function call. A light gray rectangular box on the left contains the text 'OlxAPIBranchObj::OlxAPIBranchObj'. A blue arrow points from the right side of this box to a darker gray rectangular box on the right. The darker box contains the text 'OlxAPIBranchObj::getEquipmentHandle' on two lines.
